Guelph Crane Training Schools

Guelph Crane Training Schools - Our various programs for Mobile Crane Operation are designed for skilled operators who needs re-certification or certification, and for inexperienced individuals who are searching for their very first work as an operator of a crane. Industry demand for certified crane operators is high all over the country. Positions for crane operators are high due to their high rates of pay. Crane operators are amongst the highest paid of whatever heavy machinery operator.

Our Crane Training Schools feature instruction and training for different mobile cranes. Course content includes Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging.

The program is best for crane riggers, operators as well as their supervisors. The materials incorporated in the course would comprise a manual and numerous informative handouts. The safety manual that is illustrated features one hundred to two hundred fifty pages, which depends on the course, of essential and useful material. Course materials comprise load exercises and load charts for the crane with which the person training is working.

Hands-On Safety Training will take up more than half of the course curriculum. The practical training section is the most helpful method to improving and developing personal skill levels. Only certified journeyman crane instructors are chosen to teach the courses. Our instructors have numerous years of business experience.

Optional testing mechanisms are offered for all of our courses. Students will normally write tests both before and after training. A skills test is usually administered for programs which comprise H.O.S.T. Individuals training will be graded and tested.

Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; Testing & Certification; and In-The-Seat Training.
